eyeTV go

DTT TV Tuner for USB

Live TV on your Mac & PC

EyeTV Go is the very smallest full-featured DVB-T (Freeview) stick available anywhere. The perfect fit for any Mac or PC, this amazing TV tuner micro-stick slips easily into a USB port without blocking other devices. EyeTV Go offers an ultra-portable miniature telescopic aerial with additional aerial connection options, and doesn't need an internet connection.

EyeTV Go comes with EyeTV 3, the award-winning TV software for Mac. Watch, pause, and rewind live TV on your Mac. Search the Program Guide, record TV shows, and export recordings to iTunes automatically for playback on an iPhone, iPad or Apple TV. EyeTV Go also includes THC software for Windows, which supports many of the same features as EyeTV 3.

What's in the Box

- EyeTV Go DTT TV Tuner for USB
- Miniature telescopic antenna (MCX)
- Rod antenna with magnetic base and detachable suctioncup
- USB cable
- IEC-MCX adapter
